

Corporate Law

Globalization, privatization and liberalization offer opportunities for entrepreneurs, but they also present challenges. Leading businesses have to compete to hold on to their market share. Changes in legislation and regulations follow one another in rapid succession.

What are the consequences for your strategic policy?

How can you continue to build on your success?

Van Doorne offers advice and assistance in all your corporate law matters, and it goes without saying that you can be sure of the best possible result.

Mergers and acquisitions

Whether you are buying, selling or merging, experience and insight are vital for success. Van Doorne offers a high-quality national and cross-border merger and acquisition practice. On our website, you will find examples of cases in which we were involved. Convince yourself of our record.

Due diligence

Determining the value of a corporation requires sound investigation. We identify the risks for you in a brief and concise report and, of course, offer solutions to any problems encountered. Consequently, you know exactly where you stand both now and in the future.

Corporate litigation

Whether you are dealing with disputes between shareholders and the corporation, directors' and officers' liability, worker participation questions or lawsuits relating to contracts and annual accounts, corporate litigation requires sound corporate law experience, including lawsuits. Van Doorne employs the best specialists at both Dutch and international level.

Corporate governance

Regulators have a difficult job. The Dutch Corporate Governance Code (the Tabaksblat Code) applies to all listed Dutch corporations. We will help you to establish whether your organization is complying with the Code and, if required, advise you on compliance.

Simplification of corporate law

At this moment, legislation is in preparation that is intended to make private limited liability corporations (BV's) a more attractive and flexible option. A great deal may change as regards reporting and accounting rules, too. Van Doorne is monitoring the situation continually and will advise its clients about any changes.

Knowledge of your sector

As a full-service firm focusing on the business market, we consider a thorough knowledge of our clients' markets just as important as legal expertise.

We do more than consider the legal aspects, we also make use of the latest research and sector-specific information to identify opportunities and possible risks.

In this way, we guarantee legal services of a consistently high quality.

Our areas of expertise include:

- **Mergers and acquisitions**
- **Management buy-ins/buy-outs**
- **Private equity and venture capital**
- **Public offers**
- **Joint ventures and other forms of collaboration**
- **Corporate and financial reorganizations**
- **Company law and corporate governance**
- **Corporate litigation**
- **Intracompany disputes**

Expertise without attitude

Needless to say, our legal specialists have a great deal of knowledge and expertise in all aspects of corporate law. Client-focus and practical solutions are our trade marks; our advice is well-considered, sound and clear, and we do everything possible to keep it that way.

Van Doorne has a wide range of clients from the Dutch and international business market. However, we also work for government authorities, educational institutions and not-for-profit organizations.

As Van Doorne's specialists can draw on a wide-ranging international network of attorneys, civil-law notaries and tax lawyers, they can approach any problem from different angles to help you find the ideal solution.
